

## Architectural Designer

### **Lambert McGuire Design**

Lambert McGuire Design is a newly-formed architecture, interiors & branding studio by Liz Lambert of Bunkhouse Group (bunkhousegroup.com) and Larry McGuire of McGuire Moorman Hospitality (mcguiremoorman.com). The design studio is based in Austin, and primarily focuses on hotel and restaurants projects, complemented by a small residential practice.

### **Role**

- Design and draft drawing sets including technical details
- Modeling and rendering in Revit
- Prepare for and participate in client presentations
- Collaborate externally with engineers, consultants, and regulatory agencies
- Coordinate with contractors and fabricators, attend OAC meetings and site visits, respond to RFIs to ensure design intent is being executed
- Work under the direction of the Design Director and collaborate with all existing architectural and interior design members of our team
- Be a supportive team member, fostering a positive, enthusiastic and constructive environment for our design team to do their best work

### **Skills and Requirements**

- Bachelors or Masters degree in Architecture
- 3-4 years of related restaurant or hotel project experience
- Proficient in AutoCAD
- Proficient in Revit
- Proficient in Adobe Illustrator, Photoshop, InDesign
- Hand-sketching a plus
- Knowledge of relevant building codes and accessibility requirements
- Strong interpersonal skills to convey design intent and direction internally and externally

### **Compensation and Benefits**

- Full-time salary position with pay commensurate with experience level
- Health insurance including dental and vision
- Cell phone reimbursement policy

### **We have existing projects in the following locations:**

- Austin, TX
- New Orleans, LA
- Aspen, CO
